

Where Growing Begins and Fun Never Ends

Solve a puzzle and test your skills as you follow this map to find your way through a series of paths in our corn field.

Observe animals in the barn and even get a chance to pet a few furry farm friends.

Play in and around the maze with peddle tractors, logic mazes, climbing tires, Bessie the cow, tunnel slides, and much more!

Make popcorn by picking an ear of corn in the field, shelling it yourself, and, of course, eating it too. This is a perfect farm to table lesson.

Ride around the farm in one of our hay wagons. If you're lucky, you may even catch the farmer in action!

**(Hay wagon is wheelchair accessible).*

Pick your own pumpkin from our pumpkin patch to take home. You will even get "the inside scoop" and see each stage of a pumpkin's growth.

Dig for potatoes in the field and learn how these vegetables grow. Hint: we like to call them buried treasure!

Taste our ice cream and find out why dairy is a delicious and nutritious food group. You may even get a chance to meet and hear from the Mifflin County Dairy Princess!

Field Trip & Private Parties
